1	2.5"	900 LBS	60"	33"	30"	40"
2	3"	900 LBS	60"	33"	30"	40"
3	4"	1000 LBS	60"	33"	30"	40"
4	6"	1200 LBS	60"	33"	38"	40"
5						

Notes:
1. Not to be used for construction. Dimensions may vary. See factory for construction drawing.

2. Provide 18" clearance around the system for service and NEC clearance infront of control panel.

3. Headers are double ended for flow in either direction and fully supported from system base.
